TO OUR FRIENDS AND CUSTOMERS

In presenting our little list for 1933 we wish to thank all of those who responded so liberally to make our 1932 season the greatest we have ever enjoyed. From you whom we have had letters praising the quality of our stock we wish to assure we will endeavor to send out just as high grade as we have in the past and from those whom have had a just complaint we are doing our utmost to live up to our guarantee of SATISFACTION and no one need be afraid to send their order as we mean just that. YOU are the judge. In the ensuing paragraphs we aim to offer a brief description of our offerings. If there is a defect or fault we aim to mention it and if we say it is good it IS good. Climatic conditions make a great difference in some varieties. Some will not bloom and give satisfaction in our warm, dry climate and these are tried for a year or two and discarded. We aim to present a selection which will give satisfaction in any locality. We do not claim to have the greatest variety of this wonderful flower but we do claim that our list does not show one that is unworthy.

TERMS OF BUSINESS

Cash in advance, or 25 percent with order, the balance C. O. D. or in advance of shipment. All orders of \$1.00 or more will be sent postpaid.

DISCOUNTS

We offer no discount. Our prices are well within reason for quality stock. We will include an extra or two of our own selection which we think will please you and if you see fit to send the name and address of a friend or two whom you think might be interested in our list we will reward you liberally in extra roots.

GREEN PLANTS

Our facilities for growing green plants are limited. We will grow plants for you of any variety we offer provided your order reaches us no later than April 15th. However we will not promise to have them unless this condition is complied with and in no circumstance will same be propagated for less than \$1.00 each.

SHIPMENT

We will ship at your command. However we do not guarantee roots against freezing when sent out before April 1st although every precaution will be used to avoid that in packing and dispatch from our locality in moderate weather conditions. When we pay transportation we reserve the right to ship either by parcel-post or express as the occasion may demand.

INSPECTION

All roots and bulbs sent out have been passed by a duly authorized inspector and bear the yellow inspection label on all packages.

CONCLUSION

We invite correspondence. If our description is not to your complete satisfaction or if there is any other matter that you wish to take up with us do not hesitate to write us. We will give your inquiry prompt attention. We offer as references—

OUR INTRODUCTION FOR 1933

Frank Lockard (Lockard-Vin-Well,) — Formal Decorative. We offer for 1933, this one new variety. Certificate of Merit at Storrs, 1931 and a flower that we feel will give you every satisfaction. The greatest feature of this new one is the extremely long, strong, bare stem. We have grown it when the distance from the last leaf brackets to the flower was 24 inches. This does not sound possible but it is true. Very little disbudding is necessary and it does not seem to be improved by disbudding, but give it good rich soil and moisture and you will be rewarded by exhibition flowers from 10 to 12 inches across and half as deep. Free flowering and when better known will be a universal favorite. Color, true purple. Color given by the judges of the American Dahlia Society. While we do not have a large amount of roots, we will supply them, strong field grown divisions \$10.00 Plants (if ordered before April 15th) \$5.00
